Currently village is working toward a foam fire retardant system. Mrs. Konev asked how often our fire extinguishers are replaced. Mr. Rothenberger responded every other year.
- III. Mr. Rothenberger requested village work with community members to walkthrough classrooms for the purpose of monitoring student behavior. Mr. Rothenberger stated student behavior can be challenging in the weeks before the fast. Mrs. Martushoff stated she currently monitors student conversation spoken in Russian in the secondary building.
- IV. Mr. Rothenberger presented a powerpoint presentation highlighting student attendance (males to females), student grades and student performance on state and national assessments (Terra Nova).
